

TOUCH OF MADNESS

Do you feel the sound
Have you ever caught its might
Do you stomp your feet
To the rhythm of delight
And we play
Play until the morning light

We're going crazy
When we are playing with this
flame
Hey, don't be lazy
Help us trying to feel insane

Don't you feel the touch of
madness
Can you feel the thunder right
inside your hearts
When you feel the touch of
madness
Do you rock throughout the night

The body is in heat
And you walk on air tonight
No time for lonely hearts
Here in the sea of light
And we dance
Dance until the morning light

We're going crazy
When we are playing with this
flame
Hey, don't be lazy
Help us trying to feel insane

Don't you feel the touch of
madness
Can you feel the thunder right
inside your hearts
When you feel the touch of
madness
Do you rock throughout the night

Touch of madness
Touch of madness
Touch of madness

Solo

Don't you feel the touch of

Can you feel the thunder right
inside your hearts
When you feel the touch of

Do you rock throughout the night

BLACK SEPTEMBER RAIN

New York morning
Without a warning
The planes crashed in
New York magic
Now it's New York tragic
When the towers became a
grave
And the world was standing still

Time can't heal these wounds no
more
And again we are the damned

Wings of fire
A hateful desire
In the heart of town
Watch the madness
Watch the sadness
People were jumping down
And the streets were paved with
tolls

Time can't heal these wounds no
more
And again we are the damned

In the fire rages hate
It's a big lie but it's late
Too late for a prayer
All that crime drowns in shame
Now it's all ashes, it's all pain
And everything turns into
Black September rain
Black September rain

Peace conclusion
A war solution
Who cares, who not
A brand new page
Of a brand new age
A better one than the last?

And the future lies in our hands,
again

`Cos time can't heal these
wounds no more
And again we are the damned

In the fire rages hate
It's a big lie but it's late
Too late for a prayer
All that crime drowns in shame
Now it's all ashes, it's all pain
And everything turns into
Black September rain
Black September rain

Time can't heal these wounds no
more
And again we are the damned

In the fire rages hate
It's a big lie but it's late
Too late for a prayer
All that crime drowns in shame
Now it's all ashes, it's all pain
And everything turns into
Black September rain

Solo

And everything turns into
Black September rain

I'M YOUR MAN

When you spread
Wings of desire
There's so much love
It makes you shine

Let me be
Your sweet surrender
Let me feel
Your body close to mine

When the night has come
And you're feeling cold and
lonely
Honey, don't be sad
Even when I'm far away
'Cos you're my love
You are my one and only
I'll be with you
Every night and every day

I'm your man
I'm your man

When I kiss you
In the morning
There's nothing else
Could be sweeter than that

Then I hold you
Strong and tender
Lord, I pray
This love never ends

When the night has come
And you're feeling cold and
lonely
Honey, don't be sad
Even when I'm far away
'Cos you're my love
You are my one and only
I'll be with you
Every night and every day

I'm your man

LOVE COMES IN

Live is good
Live is mad
When there's something
Inside my head
I try to find a reason
But I'll never know

Although my world
Is spinning `round
I can't take off from ground
I just can't fight
This feeling anymore

That's when love comes in
And I feel its purple rain
That's when all the world
And time are standing still
That's when love comes in
And I feel its purple rain
That's when all the world
And time are standing still
That's when love comes in

Live is prove
Live is fun
Now a new love has begun
I can't escape from the wild
Eye of your storm, no, no, no

Although my world
Is spinning `round
I can't take off from ground
I just can't fight
This feeling anymore

That's when love comes in
And I feel its purple rain
That's when all the world
And time are standing still
That's when love comes in
And I feel its purple rain
That's when all the world

And time are standing still
That's when love comes in
Love comes in, baby, baby
Come on

Solo

That's when love comes in
And I feel its purple rain
That's when all the world
And time are standing still
That's when love comes in

That's when love comes in
Love comes in
Love comes in, love comes in
Love comes in, love comes in...

BELIEVE

Since the day that I was born
I have learned to ride the storm

And when I play it cool
It makes me strong
And when I fail
I'm sure what helps me on

I believe, believe
I believe, believe

Since the day you kissed me
twice
We have built our paradise

No matter `bout the love
We give and take
No question `bout
The apple and the snake

I believe

Solo

For what I've said and done
I'll have to face my sins when
Kingdom come

Be sure there is no anger
There's no hate
Always trust your heart
And in your fate

I believe, believe
I believe, believe

ROCK'N'ROLL HEART

When I was a teenage kid
A bloody young and reckless
man

I learned to write and sing the
songs
In a local hardrock-band

We were playing loud and hard
Blowing out our minds
We were screaming out so high
Searching for the thrill behind

Restless hearts
Are living in a restless mind
Restless souls
Are living in a restless time
We live for music right from the
start
We've got a Rock'n'Roll heart
A Rock'n'Roll heart

After school I left my town
For some bigger city lights
I founded there my final band
Reaching out for dreamful
heights

We were playing loud and hard
Blowing out our minds
We were screaming out so high
Searching for the thrill behind

Restless hearts
Are living in a restless mind
Restless souls
Are living in a restless time
We live for music right from the
start
We've got a Rock'n'Roll

We've got a Rock'n'Roll...

We were playing loud and hard
Blowing out our minds
We were screaming out so high
Searching for the thrill behind

Restless hearts
Are living in a restless mind
Restless souls
Are living in a restless time
We live for music right from the
start
We've got a Rock'n'Roll heart

Living in a restless mind
Restless souls
Are living in a restless time
We live for music right from the

We've got a Rock'n'Roll heart
A Rock'n'Roll heart
A Rock'n'Roll heart

CHANGE YOUR LIVE

I feel I'm burning out
I feel my silent shout
But I hear me say
Change your live

I feel I'm bleeding out
My time seems running out
And I hear me pray
Change your live
Change your live

Take my hand and help me to
live
Now I know what I've done,
please forgive
Please forgive

Solo

Take my hand and help me to
live
Now I know what I've done,
please forgive
Please forgive
Forgive, forgive, forgive

I feel I spread my wings
I feel a thousand springs
And I let it out
Change your live
And I hear me shout
Change your live
And I sing it out
Change your live
Change your live

JERUSALEM

My kingdom is not from this world
My kingdom is not from this world
My kingdom is not from this world
My kingdom is not from this world

Find the way back to God
Find the way back to peace
Find the way to yourself
O Jerusalem
Find the way to your heart
Find the way to your roots
Find your place in the world
O Jerusalem

Holy mystery, a bloody history
What happened to you, you soul
of the world
A promised land in the warriors
hand
An eye for an eye, a tooth for a
tooth

Don't forget your walls are built
on God
Believe in yourself
Just believe in yourself
Find the key to the door back to
paradise
Back to paradise

Find the way back to God
Find the way back to peace
Find the way to yourself
O Jerusalem
Find the way to your heart
Find the way to your roots
Find your place in the world
O Jerusalem

It's a misery, look around and
see

There is tear, there is blood,
there is pain
No peace and liberty in
Abraham's big family
Shame on you and shame on me

Don't forget your walls are built
on God
Believe in yourself
Just believe in yourself
Find the key to the door back to
paradise
Back to paradise

Find the way back to God
Find the way back to peace
Find the way to yourself
O Jerusalem
Find the way to your heart
Find the way to your roots
Find your place in the world
O Jerusalem
Find the way back to God
Find the way back to peace
Find the way to yourself
O Jerusalem
Find the way to your heart
Find the way to your roots
Find your place in the world
